Task Management Made Easy

## Manage Tasks Anywhere

myTaskEasy provides a seamless organization-wide task management software solution helping teams collaborate anywhere to complete tasks in record time.

myTaskEasy Organizes everything from company objectives to routine tasks in one place, so teams are clear about priorities and responsibilities.  You can monitor progress in real-time to keep projects on-track while eliminating the need for endless email chains asking for status updates. Keep your team focused on productive tasks and centralize informatio, so you spend less time looking for task details and more time focused on work.

Perfect for tracking long-term or short-term tasks or projects.  The right solution for Marketing, Development, Operations, IT projects and more.

## Team Collaboration

Many of today's task management systems focus on individual assignments.  With myTaskEasy, our focus is on teamwork. View, track progress, prioritize and assign work using team structures while unlocking the full power of your organization.

## Task Notifications on Any Device

myTaskEasy can integrate with SMS, Email and other online interfaces to easily send task notifications, provide updates and communicate changing priorities.  Keep team members up to date on any device and on any channel.

## Easy Task Management

myTaskEasy is built with speed and simplicity in mind.  With a fresh clean design, it has an ease of use and flexibility that has no learning curve.

myTaskEasy allows you to prioritize, allocate and track tasks your way. It comes with clean reporting tools which help you quickly and easy find updates and status. Use it for tracking internal activities or project/product related tasks. All of your tasks and the team's tasks are available in one click.

myTaskEasy provides easy ways to create and update tasks with attachments, comments, priorities and deadlines. Fully customizable, myTaskEasy works for all types of teams and industries, so all teams can use the same software to plan, organize, and collaborate.

Make your task list work for you. Automate tasks with workflows, communicate with your team within each task, and never forget a deadline with built-in notifications and reminders.
